I hereby certify that I have examined the accounts of town officers who were authorized to receive and expend money, for the year ending December 31, 1932, and to the best of my knowledge they are correct, with proper vouchers on file, and \$12,437.39 in the treasury.

ROBERT E. GAY,

Town Auditor.

Personally appeared before me on this twentieth day of January, 1933, Robert E. Gay, and made oath that the foregoing statements were correct.

THOMAS F. FLYNN,

Justice of the Peace.

...In Memory...

EUGENE N. PATTERSON

Died May 1, 1932

Age, 76 years, 7 months, 1 day

Served as Town Treasurer
from 1913 to 1932

REPORT OF THE BOARD OF HEALTH

The following is my report for the year ending December 31, 1932:

Diseases	No. of Cases	No. of Deaths
Scarlet Fever	6	0
Diphtheria	2	0
Measles	5	0
Mumps	2	0
Chicken Pox	1	0
Whooping Cough	5	0
Tuberculosis	3	2
Pneumonia	10	4
Dog Bites	6	0
Total	40	6

The activities of the Health Department increase each year. The regulation of the State department in reference to milk licenses for pasteurization and selling, the following up of dog bite cases, and the investigation of Tuberculosis patients in reference to settlement and contacts, increase our expenses. Each case of Tuberculosis that comes to our attention seeking care, means \$900 a year from our appropriation. The law requires a local Board of Health to pay for the care of any contagious case sent to an Isolation Hospital if said patient is a resident of our Town and a dependant. Upon two occasions during the past year complaints have come to this department that dead animals were becoming a menace to health. In both instances the animals were on private property owned by the complainants but not their animals. The health regulations require the owner of said property to remove such a menace at their own expense. The department is responsible only when such a carcass is on a public highway. We have not asked for an appropriation to cover these possible necessities, but are hoping that the amount asked will cover our actual needs.

Respectfully submitted,
HERBERT M. LARRABEE, M. D.

In Memory

WILLIAM H. KELLEY

Died April 26, 1932

Age, 47 years

Served as Selectman, member of Board
of Health, and Chairman of Board
of Public Welfare from
1920 to 1932

REPORT OF BOARD OF PUBLIC WELFARE

In submitting this, our annual report, we wish to express our regret for the loss of our fellow member, the late William H. Kelley, who served so long and faithfully as chairman of the Board of Public Welfare.

Owing to the continued business depression the demands on the Board have been much heavier than usual.

Number of cases on register 178

Mother Aid cases 5

One mother and five children, reimbursed by State.

One mother and four children, one-third by State, two-thirds by Town.

One mother and three children, two-thirds by Somerville, one-third by Town.

One mother and four children, reimbursed by State.

One mother and two children, settlement at present in doubt.

Town Settlement cases in own homes 19

Town Settlement in other cities or towns 3

Town Settlement Cases aided in State Hospitals 5

Other city and town cases aided in Tewksbury 13

Temporary Aid, State cases 8

Appropriation \$ 6,000.00

Transfer from Surplus Overlaying 4,000.00

Amount paid for Aid 9,706.02

Balance 293.98

Reimbursements by Commonwealth 1,855.96

Reimbursements by cities and towns 1,478.84

Reimbursements due 2,443.73

Bureau of Old Age Assistance

Appropriation \$ 2,000.00

Expenditures 1,289.75

At present seven cases on register.

Town cases, six, one-third reimbursed.

State cases, one, totally reimbursed.

In closing we wish to thank Mr. P. W. Rounsvelt who generously gave the Board wood, and Mr. Harris M. Briggs who has seen to the cutting and distribution of the fuel thus given.

Respectfully submitted,

EVERETT H. KING,

IRVING F. FRENCH,

Board of Public Welfare.

REPORT OF INSPECTOR OF MEATS AND PROVISIONS

To the Board of Selectmen, Town of Tewksbury:

Gentlemen: Following is my report for inspection of meats and provisions for the year of 1932 from January 1 to December 31, 1932:

Number of sides of beef inspected	836
Number of calves inspected	591
Number of hogs inspected	525
Number of sheep inspected	0

Cattle Condemned

Number of sides of beef condemned	12
Number of heads condemned	6
Number of sets of lungs condemned	7
Number of livers condemned	7

Swine condemned

Number of swine condemned	3
Number of heads condemned	5
Number of livers condemned	4
Number of sets of lungs	4

Calves Condemned

Number of veals condemned	17
Number of sheep condemned	0

Respectfully submitted,

ASAHIEL H. JEWEL.

REPORT OF INSPECTOR OF ANIMALS

To the Selectmen of the Town of Tewksbury:

Gentlemen: Following is the report of the Inspector of Animals from January 1, 1932, to November 30, 1932:

Cows inspected	826
Young cattle inspected	154
Bulls inspected	34
Sheep inspected	14
Hogs inspected	539
Stables inspected	94
Goats inspected	0

I have released for immediate slaughter 18 head of cattle, 4 calves.

For dairy purposes 56 head of cattle.

Eleven dogs were quarantined for rabies, and released at the end of 14 days.

One cow was quarantined.

I have inspected 9 barns where cattle are under State and Federal supervision.

Special Inspection for December, 1932, Only

Cows inspected	750
Young cattle inspected	160
Bulls inspected	25
Sheep inspected	18
Hogs inspected	796
Stables inspected	88
Goats inspected	2

There are 616 cattle under State and Federal supervision.

Respectfully submitted,

ASAHIEL H. JEWEL.

REPORT OF AGENT FOR SUPPRESSION OF GYPSY AND BROWN TAIL MOTHS

To the Honorable Board of Selectmen:

Gentlemen:

As Agent for the suppression of the Gypsy and Brown Tail Moths I submit the following:

Up to this time no increase has been noted in Gypsy and Brown Tail Moths. About one-third of the town has been scouted at this time and so far no bad infestations have been found. The whole town will be gone over before the hatching season and bad spots will be sprayed or parasited.

The Satin Moth which feed only on Poplar and Willow, and Tent Caterpillar were held in check by spraying. Although neighboring towns have reported many Elms stripped by the Elm Leaf Beetle none was noticed here. If they should attack our Elms next summer they can be handled quite easily by spraying.

Yours respectfully,

HARRIS M. BRIGGS.

REPORT OF PARK COMMISSIONERS

To the Honorable Board of Selectmen:

Gentlemen:

As Park Commissioners we wish to submit the following:

Fertilizer has been applied to the commons, and granite dust to the walks. Edges have been cut and grass mowed as usual. The flag-pole has been painted two coats of white lead and oil. We are sorry to report the community tree, so-called, has died owing to the severe drought of last summer. We do not recommend the planting of another. We think it much cheaper to cut one in the woods and set it at Christmas and remove it after New Years. We recommend an appropriation of \$200.

We have had numerous requests to care for a lot of land known as Fulton Square but we feel we have no right to expend money until it is legally accepted by the Town.

THOMAS C. McCausland,

HARRIS M. BRIGGS.

REPORT OF HIGHWAY COMMISSIONERS AND SUPERINTENDENT OF STREETS

Board of Selectmen,
Tewksbury, Mass.
Gentlemen:

The following is the annual report of the Highway Department for the year ending December 31, 1932:

Realizing the importance of having good roads leading from one town to another, we decided that the construction of Chandler Street, between this town and Billerica, was a pressing necessity. Consequently, early in February we began gravelling the stretch extending from Pine Street to the Billerica line, a distance of one mile. The entire length was resurfaced with gravel, graded, rolled and oiled. Through the co-operation of the Tree Warden, dangerous trees were removed, and limbs which might obstruct traffic were cut off. The results obtained on this street were excellent.

Similar work was done in South Tewksbury on State Street, South Street, Shawsheen Street, Whipple Road and Patten Street. In West Tewksbury, on French Street; in North Tewksbury, on Fiske Street, Bailey Road, River Road, and Kendall Street; in East Tewksbury, on East Street, now under construction; and in Tewksbury Center on Summer Street. Whipple Road, Patten Street, and River Road were gravelled too late in the season to be oiled.

On the Highway Department barn and shed, the clapboards were renailed, and all broken ones replaced with new ones. All broken glass was replaced, and the windows puttied. Both the barn and shed were then given two coats of paint, thereby putting the outside surface in good condition. The color scheme is maroon and cream trimmings, and presents a striking appearance. The work was done by our local employees.

Through the courtesy of the Trimount Oil Company, we were loaned a 1,000-gallon Kinney oil heater, which has been erected in our yard. This will tend to eliminate the unsightly oil barrels which of necessity have cluttered up our yard in the past.

At Tewksbury Center, the drainage system was cleaned and flushed through the co-operation of the Fire Department. Four new catch basins were built to conform to standard state specifications. Two of them were built in the same location as the small old basins, a third acts as a junction and cleanout, while the fourth, although located on North Street, replaces an old one, in front of the Manley residence, on East Street. A new line of ten-inch pipe was laid under

North Street to connect up the new basin. The pipe line on East Street, from the Post Office to North Street is out of line, and inadequate to carry off any great volume of water quickly. We will endeavor to take care of this during 1933.

A new corrugated metal culvert thirty feet long, and ten inches in diameter was installed on French Street, near the West School. Another culvert near the old powder house was extended with six feet of corrugated culvert, to increase safety at a curve there. On Marshall Street, a culvert near the Marshall estate, was extended by using a six-foot length of twelve-inch culvert on each side of the street, thereby making the road much safer, and eliminating guard rail.

On Pleasant Street, ledge and rocks were blasted and removed, where they were too close to the traveled way.

MAINTENANCE, CHAPTER 81

The usual maintenance was carried on under the provisions of the Chapter 81 contract.*

A dust layer of oil was applied on all streets where it was found necessary, during the early summer months. All oiled roads were patched with bituminous material at various intervals throughout the year, and the usual scraping done on earth and cinder roads.

Gravel, oil, and sand were distributed on the various streets, as shown in the tables covering these items.

,MAINTENANCE, CHAPTER 90

This appropriation provides for the maintenance of roads constructed under the provisions of Chapter 90 of the General Laws, or in other words, roads which were built jointly by the State, County, and Town. In Tewksbury, we have Andover Street, Salem Road, East Street, Woburn Street, Billerica Road, and Shawsheen Street.

On Andover Street, grass and weed growths were cut back under guard fences, and at catch basins. Ditches, culverts, and catch basins were cleaned and properly maintained. During the heavy travel of the summer months, the shoulders were oiled, and considerable patching done. At the end of the new construction, a ditch was dug, three hundred feet long, through ledge and clay, to relieve a water condition there.

On Billerica Road, considerable patching was done. The entire surface was then treated with retread tar, covered with sand and pea gravel, and honed.

The shoulders were also oiled on Woburn Street, Salem Road, and East Street, and were dragged at various intervals.

We hope to obtain a similar allotment for 1933.

SHAWSHEEN STREET, CHAPTER 90

1931 Contract

This contract covered that portion of Shawsheen Street extending from the Billerica line (Pattenville), to the Marsh residence (station 45). Much of the graveling was done in December, 1931. Concrete headwalls were built on the culverts, and two large leaching basins constructed near the end of the job. The road was then graded, rolled and oiled. Two applications were given, the first was of 45 per cent asphaltic oil, while the second, applied a few weeks later, was 65 per cent. It was then covered with sand and pea gravel, and was constantly brushed to obtain a good surface. Work under this contract was completed in May.

SHAWSHEEN STREET, CHAPTER 90

1932 Contract

The principal item in the specifications for the improvement of this stretch of highway, was the construction of a culvert, and straightening and widening of a bad curve, at Heath Brook, near the State Highway. Three corrugated metal culverts, asphalt coated, each thirty inches in diameter, and forty feet long were laid in parallel under the roadway. Concrete headwalls were then constructed at each end, and concrete guard fence posts erected on each side of the street. From the culvert to the end of the 1931 job the street was more or less narrow, and the adjoining land higher than the roadway, thereby involving considerable excavation. Many of the low places along the sides of the road were filled with the material thus obtained. The sides of the old road, outside the gravel and oil portion, were excavated and graveled. Practically all of the old road was reclaimed by this procedure. As the portion of the street covered by this contract had many curves, and a dangerous hill, a skidproof surface was sought. The new gravel was given an application of 45 per cent asphaltic oil, then it was graded and rolled. The final treatment was tar, covered with pea gravel, very little sand being used. It was brushed daily, until a hard surface resulted. Two stone walls were relocated, dangerous trees and brush removed, thereby giving to the town a good stretch of new highway. Stone bounds were then put in place under the direction of the County Engineers, from the State Highway to the Billerica line. It was completed October 1st.

EAST STREET, CHAPTER 90

The State and County each allotted the sum of \$1,500.00 to be used for the resurfacing with gravel and oil, of that portion of East Street, extending from Maple Street to Kelley's Crossing. The total cost will be \$4,500.00, the Town providing the remaining third of this amount.

Work on this project was started early in December. Considerable excavating was done, and a large amount of filling used on the sides of the present road for widening purposes. Graveling has been started, and at present, is well under way. Two new culverts were installed, one near the corner of Cross Street, and the other about half way between Maple and Cross Streets. Each culvert is of corrugated metal, thirty-six feet long, and twelve inches in diameter. Standard concrete headwalls will be constructed on both ends of each culvert, as soon as conditions permit. When the work on this street is completed, it will provide an excellent route from the central part of the town to Andover, Lawrence, and Haverhill. The section under construction is eight-tenths of a mile long, and will be built and oiled twenty-four feet wide.

The process of grading, rolling and oiling will be carried out early in the spring of 1933.

The following table shows the number of gallons of oil or tar, asphaltic percentage, and number of cubic yards of sand, or pea gravel used on each street.

STREET	GALLONS			PEA GRAVEL

Two thousand four hundred and seventy gallons of 65 per cent Oil was received at the Town yard for mixing patch, and 1,375 gallons of tar were received for the same purpose. We have 300 gallons of Colas on hand.

Thirty and one-half tons of Tricomix were used in patching Andover Street. Sand used for covering ice on streets and walks during the year totalled 174 cubic yards. This includes the sand distributed to schools, and now in stock piles in various sections, throughout the town.

The following table shows the amount of gravel, in cubic yards hauled and spread on the various streets during the year.

Street	Amount	Street	Amount
Chandler	3,744 cu. yds.	Whipple Road	145 cu. yds.

Stones removed from the gravel pit. and placed on roads as a base, or on the sides as filling, are classed as gravel. No record is kept of the number of cubic yards of material obtained from excavation projects, as it is usually dumped on the same street to fill up low places, etc.

Considerable work was accomplished during the latter part of the year, such as cutting off embankments to eliminate blind corners, widening streets, cutting ditches and waterways, and relocating stone walls, etc. It would have been next to impossible for us to have done so much of the work, had it not been for the large force of men furnished to our department by the Selectmen.

On South Street the roadway was widened considerably from Bridge Street to the Wilmington line; on Shawsheen Street a dangerous embankment was cut off near the Barron residence. On River Road a ditch was dug, four hundred feet long, to relieve a bad water condition. On Astle Street, embankments were cut off, a stone wall relocated, and considerable ledge removed. Chapman Street, one

of the narrowest streets in the town, considering the amount of travel, has been widened, and made much safer. Some of the work on these streets is still unfinished, but will be taken care of in the near future.

For a financial report, we refer you to the Auditor's report of Highway expenditures.

In general, despite the fact that our appropriations, in keeping with the times, were considerably lower than those of the previous year, we believe that our record for the past twelve months has been a brilliant one.

In closing, we wish to thank all who have co-operated with us during the year, and must say once again, that we are deeply grateful to the various State and County officials, and Engineers for their splendid assistance and hope that 1933 will add considerably to our ever increasing mileage of good roads.

Respectfully yours,

JOHN T. GALE,
WILLIAM I. BAILEY,
ASAHEL H. JEWEL,

Highway Commissioners of Tewksbury.

EDWARD J. WALSH,
Superintendent of Streets.

REPORT OF SEALER OF WEIGHTS AND MEASURES

To the Honorable Board of Selectmen of the Town of Tewksbury.

Sirs:

I hereby submit the following report of the Sealer of Weights and Measures for the year ending Dec. 21, 1932, the duties of which I have taken care during the illness of your regular Sealer the late Mr. Hugh Cameron.

No. of Scales Sealed

Platform scales, over 5,000 lbs.	2
Platform scales, under 5,000 lbs.	4
Counter scales, over 100 lbs.	1
Counter scales, under 100 lbs.	4
Spring scales, over 100 lbs.	1
Spring scales, under 100 lbs.	24
Beam scales, under 100 lbs.	1
Computing scales, under 100 lbs.	8

No. of Capacity Measures Sealed

Liquid	25
Oil Jars	139

No. of Automatic Measuring Pumps

Gasoline Pumps	34
Kerosine Pumps	4
Molasses Pumps	1

No. of Linear Measures

Yard Stick	1
------------------	---

I have collected and turned over to the Town Treasurer the sum of \$30.65 in fees.

Respectfully submitted,

D. J. CAMERON,

Dep. Sealer.

REPORT OF THE TREE WARDEN

To the Honorable Board of Selectmen:
Gentlemen:

As Tree Warden I submit the following:

During the year brush has been cut on all the streets, and most of the curves have been cut further back. There are numerous trees too close to the traveled way, many of which have been cut. We did intend to remove them all but owing to the need of supplying fuel to welfare cases this work was dropped when cold weather started the cutting of wood. Through an agreement with Mr. Phillip W. Rounseville we are thinning his woodland near the East Billerica line. At this writing we have cut and delivered to 32 needy families approximately 100 cords of wood.

Most of the above work has been done by men furnished by the Welfare Department.

As Tree Warden I wish to thank Mr. Rounseville at this time for this fine gift.

Yours respectfully,

HARRIS M. BRIGGS.

REPORT OF CHIEF OF THE FIRE DEPARTMENT

Tewksbury, Mass.,
January 1, 1933.

To the Honorable Board of Selectmen:
Gentlemen:

As Chief of the Fire Department I herewith submit the following total number of fires attended:

Forest fires	69
Grass fires	30
Buildings	17
Chimney	8
Automobiles	2
False alarms	5
Out of town	6

Total value on buildings and contents: Thirty-three thousand, three hundred ten dollars (\$33,310). Damage: Eleven thousand, six hundred forty-five dollars (\$11,645.00). Insurance paid: Nine thousand dollars (\$9,000.00). Personal property of Fire Department: Sixteen thousand, four hundred dollars (\$16,400.00). Laid 62,800 feet of hose; used 256 extinguishers and 30 chemical tanks. Miles traveled to fires: 1,800 miles.

Yours respectfully,

A. S. HAINES,
Chief of the Fire Department.

REPORT OF THE TRUSTEES TEWKSBURY PUBLIC LIBRARY

The Trustees of the Public Library submit the following report.

The report of the Auditor will give in detail the expenditures of the Public Library.

Regular meetings have been held the first Saturday in each month with the exception of July and August and the second Saturday in September.

Early in the year all books in the Library pertaining to the life of George Washington were placed on the filing cabinet easy of access to all, also a large picture of George Washington sent us by Representative Edith Nourse Rogers, at the request of the secretary, was hung in a conspicuous place in the Library.

In a search for early records, 1877 to 1890, a short history of the founding and early days of the Library was found in a 1906 Town Report and filed in the Secretary's book of records for 1932, the only records so far available, for those years.

The report of the Librarian shows that 423 books have been added the past year, also that the circulation is still increasing at the Library as well as the outlying districts, especially in the Wamesit district.

We wish to thank the Librarian and her Assistants for their faithful and courteous service, the donors of books and the patrons of the Library for their co-operation, also the Board of Selectmen for co-operation in repairing of several of the book shelves.

The Trustees respectfully request that the article in the Warrant asking for an appropriation of \$750 and the money received from the dog licenses be granted.

Respectfully submitted,

(Signed)

EDGAR SMITH,
REV. E. E. LOUX.
KATE FOLSOM,
GRACE W. DAWSON,
RUTH W. SMITH,
MIRIAM SPAULDING,

Trustees.

LIBRARIAN'S REPORT

To the Board of Trustees of the Tewksbury Public Library:

The following report is respectfully submitted:

The circulation of books both in the districts and at the library has shown a marked increase.

Each month a list of the books recently added will be found in the Tewksbury news of the daily paper.

During the summer the books were put in order on the shelves and many were sent to be rebound.

The librarian and assistants would appreciate the prompt return of all books when due.

The library is open to the public on Wednesday evenings from 7 to 8:30 and on Saturday afternoons and evenings from 2 to 9. Legal holidays and the last two weeks in August excepted.

WARRANT FOR ANNUAL TOWN MEETING

Middlesex ss.

To either of the Constables of the Town of Tewksbury in said County:

Greeting:

In the name of the Commonwealth of Massachusetts, you are hereby directed to notify and warn the inhabitants of the Town of Tewksbury, qualified to vote in Town affairs, to meet and assemble at Town Hall in said Tewksbury, on Wednesday, Feb. 8, 1933, at 12 noon to act on the following:

ART. 1. To choose a Moderator to preside at said meeting.

ART. 2. To choose all necessary Town Officers, to choose by ballot a Moderator, a Town Clerk, three Selectmen, three members of the Board of Public Welfare, three members of the Board of Health, a Town Treasurer, an Auditor, a Collector of Taxes, a Tree Warden and Constables, (Three) all to serve one year; one Highway Commissioner to serve three years, one School Committee to serve three years; two Trustees of the Public Library to serve three years; one Park Commissioner to serve one year; one Park Commissioner to serve three years; one Assessor to serve three years; one Commissioner of Trust Funds to serve three years. The polls for the election of Town Officers to be opened at 12 noon and close at 8 P. M. And to act on the following articles, commencing at 7 P. M.

ART. 3. To hear reports of Town Officers and Committees and act thereon.

ART. 4. To see what sums of money the Town will vote to raise by taxation to defray necessary expenses for the current year, and make appropriations for the same.

ART. 5. To see if the Town will vote the money arising from licensing dogs, for the ensuing year, to aid in support of the Public Library.

ART. 6. To see if the Town will vote to authorize the Treasurer, with the approval of the Selectmen, to borrow money in anticipation of the revenue of the current financial year.

The vote to be as follows:

Voted:—That the Town Treasurer with the approval of the Selectmen, be and hereby is authorized to borrow money from time to time in anticipation of the revenue of the financial year beginning January 1, 1933, and to issue a note or notes therefor, payable within one year, and debt or debts incurred under this vote to be paid from the revenue of said financial year.

ART. 7. To see what compensation the Town will vote for the collection of taxes, and what rate and from what date interest shall be charged on taxes of 1933 unpaid after November 1, 1933, or take any other action relative thereto.

ART. 8. To see if the Town will vote to raise and appropriate the sum of \$350.00 for the proper observance of Memorial Day, and appoint a committee to expend the money. Said committee to be taken from members of the G. A. R., Spanish War Veterans, American Legion, and Sons of Veterans.

ART. 9. To see if the Town will authorize the Selectmen to institute suits on behalf of the Town or defend any suits that are, or may be brought against the Town, and to sign any contracts or agreements in behalf of the Town.

ART. 10. To see if the Town will vote to accept Sect. 120A of Chapter 94 of the General Acts, Tercentary Edition, relating to license fees for the slaughtering of animals.

ART. 11. To see if the Town will authorize the Selectmen and Collector of Taxes to petition the Land Court for a foreclosure of tax titles held by the Town for more than two years, as provided in Section 65 of Chapter 60 of the General Laws, and to see what sum of money the Town will appropriate therefor.

ART. 12. To see if the Town will vote to raise and appropriate the sum of \$1500.00 to remodel the building now occupied jointly by the American Legion, Moth Department, and Sealer of Weights and Measures; so as to enable the Fire Department to use the first floor and basement for a fire station, or take any other action relative thereto.

ART. 13. To see if the Town will vote to raise and appropriate the sum of \$800.00 to purchase 2 1-2 inch hose and accessories or take any other action relative thereto.

ART. 14. To see if the Town will vote to raise and appropriate the sum of \$307.50 for rental of fire hydrants on Lake Street, and volunteer firemens insurance; or take any other action relative thereto.

ART. 15. To see what sum of money the Town will raise and appropriate as a reserve fund as provided in Section 6 of Chapter 40 of the General Laws.

ART. 16. To see if the Town will vote to establish a Road Machinery Account, to which shall be credited all receipts received for the use or rental of road machinery, the proceeds to be appropriated as voted by the Town for road machinery purposes, or take any action in relation thereto

ART. 17. To see if the Town will vote to appropriate the sum of \$1500 to establish a Road Machinery Fund for the purpose of purchasing, repairing and operating road machinery.

ART. 18. To see if the Town will vote to raise and appropriate the sum of \$1500.00 for specific repairs on East Street from Kelley's crossing to the Andover town line; providing the State and County appropriate similar amounts, as provided in Chapter 90 of the General Laws, or take any other action relative thereto.

ART. 19. To see if the Town will vote to raise and appropriate the sum of \$5,000.00 for oil or other binder for the highways; or take any other action relative thereto.

ART. 20. To see if the Town will vote to raise and appropriate the sum of \$1,000.00 for the maintenance of Chapter 90, Highways, providing the State and County each appropriate similar amounts, as provided for in Chapter 90 of the General Laws; or take any other action relative thereto.

ART. 21. To see if the Town will vote to raise and appropriate the sum of \$4,500.00 to rebuild Andover street, with bituminous macadam, from the present terminal of new construction, at station 20, westerly, providing the State and County appropriate similar or greater amounts, as provided for in Chapter 90 of the General Laws; or appropriate any other sum, or take any other action relative thereto.

ART. 22. To see what sum the Town will raise and appropriate, by loan or otherwise, for an addition to the Shawsheen Schoolhouse increasing the floor space thereof, and original equipment and furnishings incidental to such addition, or take any action relative thereto.

ART. 23. To see if the Town will appoint a Committee to investigate the advisability of erecting a high school building and making any change in the method of providing high school education for pupils residing in the Town, such Committee to report to the Town at a future town meeting, or take any action relative thereto.

ART. 24. To see if the Town will vote to accept Franklin Street as laid out on plan Silver Lake Park Land Co., recorded Middlesex North District registry of deeds Book 25, Plan 40, as detailed on plan submitted to the Road Commissioners, or take any other action thereto.

ART. 25. To see if the Town will accept Durn Street as laid out on plan Lakeview Park Land Co., recorded Middlesex North District registry of deeds, Book 27, Plan 16, beginning at Bay State Road for a distance of approximately 400 feet to the boundary of the land of the Cottage Park Land Co., Book 29, Plan 12, and detailed on plan submitted to the Road Commissioners, or take any other action thereto.

ART. 26. To see if the Town will vote to take by right of eminent domain the land necessary to extend Durn Street to Vernon Street, and raise and appropriate \$1000 to defray damages for such taking, as detailed on plan submitted to the Road Commissioners, or take any other action thereto.

ART. 27. To see if the Town will vote to raise and appropriate the sum of \$500 to gravel and make necessary repairs to Heath Street, or take any other action thereto.

ART. 28. To see if the Town will vote to raise and appropriate the sum of \$500 to gravel and make necessary repairs to Coolidge Street, or take any other action relative thereto.

- ART. 29. To see if the Town will accept section seventy-three of chapter forty-one relative to creating a board of survey, and vote to raise and appropriate the sum of \$500 to defray necessary expenses for the current year to enable board in carrying out Sections 73 to 81 inclusive, or take any other action relative thereto.
- ART. 30. To see if the Town will vote to raise and appropriate the sum of \$3000 if the State and County will give a like amount for specific repairs on South Street as provided in Chapter 90 of the General Laws, or take any other action relative thereto.
- ART. 31. To see if the Town will vote to amend the present building laws so as to include that part of Tewksbury south of Shawsheen Street to the Wilmington line according to Section 3 of Chapter 143 of the General Laws, or take any other action relative thereto.
- ART. 32. To see if the Town will vote to raise and appropriate the sum of \$1000 for the celebration of the anniversary of it's incorporation, or take any other action relative thereto.
- ART. 33. To see if the Town will by by-law as provided by section twenty-two chapter thirty-nine of the General Laws, designate the hour at which the annual town meeting shall be called, the hours during which the polls shall remain open for the election of officers, and the hour after which all business except the election of officers and such matters as are required by law to be determined by ballot shall be considered, or take any other action relative thereto.
- ART. 34. To see if the Town will by by-law set forth the manner in which notice of the town meeting will be given, as set forth in Section 10, Chapter 39 of the General Laws, or take any other action relative thereto.

ART. 35. To see if the Town will by by-law designate the day of the annual town meeting, according to Section 10, Chapter 39 of the General Laws, or take any other action relative thereto.

ART. 36. To see if the Town will prescribe by by-law the number of voters necessary to constitute a quorum at town meetings, according to Section 13 of Chapter 39 of the General Laws, or take any other action relative thereto.

ART. 37. To see if the Town will by by-law determine the final day and hour for filing articles to be contained in the warrants of all town meetings, and prescribe the manner in which notice shall be given to the voters, as per Section 21 of Chapter 40 of the General Laws, or take any other action relative thereto.

ART. 38. To see if the Town will by by-law amend the law creating the finance committee to include the following:—(The section referred to as the South shall be that district south of the Shawsheen river), or take any other action relative thereto.

Given under our hands, this 14th day of January, in the year of our Lord, one thousand nine hundred and thirty-three.

And you are directed to serve this warrant by posting up attested copies thereof, one at each of the Public Meeting Houses, one at the Town Hall, one at each of the Post Offices, and leave one hundred copies for the use of the citizens at the Post Office in said Town, 8 days at least, and over two Sundays, before the time of holding said meeting.

Hereof fail not and make due returns of this Warrant, with your doings thereon, to the Town Clerk at the time and place of Meeting as aforesaid:—

IRVING F. FRENCH,	}	Selectmen of Tewksbury.
EVERETT H. KING.		

Annual Report
OF THE
SCHOOL COMMITTEE
OF THE
TOWN OF TEWKSBURY

*Also Report of
The Superintendent of Schools*

*For the School Year Ending December 31,
1932*

REPORT OF THE SCHOOL COMMITTEE

The work and supervision of the schools have been carried on as usual this year.

No expensive alterations have been made in any of the schools. Minor and necessary repairs have been taken care of. Some roofs will have to be shingled this coming summer.

The City of Lowell advanced the tuition fee for the pupils at the Lowell High School from \$100 to \$125 per pupil. There are now 150 pupils going to the Lowell High School from Tewksbury, five to Wilmington, three to Billerica, and one to Reading, making the total cost of tuition almost \$20,000.

Owing to the overcrowded condition at the Shawsheen School, it has been necessary to move nearly two grades to the Center, this makes an overcrowded condition at the Foster School. To remedy this situation we recommend that a two-room addition be built on the Shawsheen School.

Respectfully submitted,

MAY L. LARRABEE, Chairman,
GUY B. GRAY,
AUSTIN F. FRENCH, Secretary.

The School Committee recommends the sum of \$61,152.00 be appropriated for the schools for 1933 based upon the following proposed budget and also show what was spent on schools in 1932.

	Spent in 1932	1933
Superintendent	\$ 975.00	\$ 975.00
Supervisors	1,413.50	1,330.00
Teachers	16,421.52	16,350.00
Janitors	3,443.20	3,432.00
Transportation	10,490.67	13,000.00
Fuel	1,574.92	1,500.00
Tuition, High School	11,567.97	19,890.00
Books and Supplies	842.58	1,000.00
Health	1,215.82	1,200.00
Insurance	446.09	850.00
District	128.62	125.00
Miscellaneous	867.01	500.00
Repairs	613.08	1,000.00
Totals	\$ 49,999.98	\$ 61,152.00

In Memory

HENRY M. BILLINGS

Died April 4, 1932

Age, 70 years, 8 months, 5 days

Served on School Committee
from 1900-1908

Served as Moderator at the Town
Meetings for several years
with dignity and honor

REPORT OF THE SUPERINTENDENT OF SCHOOLS

To the School Committee of Tewksbury:

Madam and Gentlemen:

My third annual report as Superintendent of Schools is herewith submitted.

For the purpose of economy the report is made as brief as possible. My main endeavor will be to present what I believe is the most important problem facing the town. It is not the most pressing educational need. That is of course the requirement of more room at the Shawsheen School. It is however the most important from the standpoint of town finance.

TEWKSBURY SHOULD BUILD A HIGH SCHOOL

Any extended discussion of the relative merits of a small local High school as compared to the large city school is purposely avoided. The endeavor is to present the proposition of a local high school as a matter of good business procedure. The purpose is to show that this town can no longer afford to send its children to other communities for their high school education. Up to the past year it was economical to do so, since one half of the cost was carried by the state treasury. The census of 1930 showed that Tewksbury had grown to have in excess of five hundred families. Automatically, state aid for high school expenses were cut off. It immediately changed the whole aspect of the situation.

The situation was aggravated further by two factors over which we had no control. The first of these was the marked increase in the number of children attending high school. This was nearly 40 per cent from last June to September. This factor, taken together with the 25 per cent increase in the rate of tuition put into effect by the City of Lowell during the summer renders the total cost of tuition and transportation much greater than the town can afford to pay for secondary education.

It is possible for the town to bond itself for a sum sufficient to build an adequate high school building and in the first year, after paying every expense connected with financing construction, interest charges, insurance, and every running expense of the school, show an actual saving of better than three thousand dollars from the amount it would have to pay for sending its pupils to other communities in that period.

This would mean that such action, instead of costing the town money, would actually save it from three thousand dollars upward each year. In the twenty-year period usually allowed for such school financing, a definite saving of in excess of seventy thousand dollars could be made. That means that in this time you can not only pay for the building and all running expenses of the school, but you can save over seventy thousand dollars. Taxes could be lowered each year in proportion to the annual saving which would automatically increase as interest charges on the bonds diminished.

This is just the same type of business problem as would be represented by the purchase of road machinery to replace the more expensive hand labor. The difference is in the initial cost, but the saving is proportionally greater.

In an endeavor to make the above statements more convincing, the following financial facts are tabulated.

Pupils in Lowell High School	150
Pupils in Billerica High School	3
Pupils in Wilmington High School	4
Pupils in Reading High School	1
Pupils in Lowell Vocational	24

Tuition

150 Pupils in Lowell High— @ \$125.00.....	\$ 18,750.00
3 Pupils in Billerica High—@ 120.00.....	360.00
5 Pupils in Wilmington High @ 125.00.....	525.00
1 Pupil in Reading High— @ 140.00.....	140.00
24 Pupils in Vocational— @ 87.50.....	2,100.00

Total Tuition	\$ 21,975.00
---------------------	--------------

Transportation

150 Pupils to Lowell High— @ \$27.50.....	\$ 4,125.00
3 Pupils to Billerica High—@ 60.00.....	180.00
5 Pupils to Wilmington High—@ 36.00.....	180.00
1 Pupil to Reading High — @ 72.00.....	72.00
24 Pupils to Vocational— @ 30.00.....	720.00

Total Transportation	\$ 5,277.00
----------------------------	-------------

Total Cost

Cost of Tuition	\$ 21,975.00
Cost of Transportation	5,277.00

Total Cost of Secondary Education.....	\$ 27,252.00
--	--------------

That \$27,252.00 is the cost now. Let us look ahead to next September.

Next June there will be graduated from Lowell High School about thirty Tewksbury children. At about that same time about forty-five pupils will be graduated from Foster School certified for Lowell High School. We therefore have to make provision for:

Tuition—15 Pupils to Lowell High @ \$125.00.....	\$ 1,875.00
Trans. —15 Pupils to Lowell High @ 27.50.....	412.50

Total	\$ 2,287.50
Present Cost	27,252.00

Cost from September 1933 to June 1934	\$ 29,539.50
---	--------------

The following summary shows the actual cost of financing an adequate local high school. Such a school would have an initial capacity of approximately 200 pupils and ought not to cost over \$100,000. It could be bonded for a 20-year period.

First Year Costs

Sinking Fund	\$ 5,000.00
Interest on bonds @ 4%	4,000.00
Insurance	2,000.00
Janitor	1,500.00
Fuel	1,200.00
Books and Supplies	1,000.00
Lights, Power, and Water	500.00
Upkeep	500.00

Building Costs	\$ 15,700.00
----------------------	--------------

Cost of Instruction

Principal—Administrative and Teaching	\$ 2,500.00
Sub-master—Athletics and Teaching	1,500.00
Latin and French	1,200.00
English and History	1,200.00
Mathematics and Science	1,200.00
Commercial Branches	1,200.00
Music and Art	1,200.00

Total for Instruction	\$ 10,000.00
Building Costs	\$ 15,700.00
Instructional Costs	10,000.00

Total Costs	\$ 25,700.00
-------------------	--------------

These costs are purposely set higher than they would really be. Probably the school could function with at least one less teacher or could offer manual training and domestic science at the same cost.

Let us note the saving which could be made.

Cost Under Present System	\$ 29,378.50
Cost of Local High School	25,700.00

SAVING \$ 3,678.50

Yes actually saving over three thousand dollars the FIRST year. This saving would be increased each year by the amount saved in interest on bonds, probably about \$200 a year. It would therefore seem evident that by the time the bonds were retired the building would not only be paid for, with all running expenses, but over seventy thousand dollars (\$70,000) would have been saved in addition.

The writer hopes this will not be regarded as another "Educators Dream". It is a matter of cold, hard, financial facts. It is purely a business proposition and is presented as such.

If one were to enter into the realm of other desirable considerations, not the least would be that of keeping Tewksbury pupils in Tewksbury schools and moulding them into Tewksbury citizens with Tewksbury's interests most at heart, so that home would not be merely an adjunct of some nearby city.

There is something wholesome about home life in the small town. There are fewer distractions, fewer contacts with those undesirable elements of social development which of necessity inhere in the larger centers of population.

Among the educational advantages is the closer relation between pupils and teachers in the smaller school. The individual is more of a personality and less a cog in a great machine. It is also possible or at least more probable that the parents will keep in closer touch with their children during this most important adolescent period. It has been the writer's experience that the product of the small high school is as well equipped to face the future as his rival from the larger school. This is remarkably true in the case of the pupil preparing for a college career.

It is of course true that a small school cannot produce a large band, a large orchestra, championship athletic teams, a school regiment, and many other very attractive but nonessential adjuncts to high school education. It is however possible to do all these things in a smaller way, sometimes in a better way.

Shawsheen School

The most pressing problem which appears for solution is that of adequate housing facilities for the children of the South part of the town.

In September this building was hopelessly overcrowded. It was only by removing the sixth grade and part of the fifth to the Foster school that any kind of equality of educational opportunity could be offered to the children of this section.

This transfer of pupils which is the second of its kind in two years, has necessitated a material increase in the cost of transportation. This cost, if continued for a period of years, will amount to a sum which will more than pay for an addition to the building. To be specific, we are transporting 27 children from this section by the Eastern Massachusetts bus at a daily cost of \$4.70. In a year this amounts to \$893. In addition we spend \$95 transporting pupils from this vicinity to the Spalding school. In short it cost nearly one thousand dollars a year to transport children from the Shawsheen school district to the center of the town. In less than nine years this would pay for the addition of two large rooms, and a new heating plant to this school, where numbers are increasing every year.

Here again the town is faced with what is a strictly business proposition. It is another case of paying for a building by what can be saved in transportation. The money will have to be spent in one way or the other. In one way you have nothing but the transportation, while in the other you secure accommodations which are good for many further years of service.

Present indications are that this section will continue to increase in population. This means an ever increasing demand for school accommodations. The building is being used to capacity now so that as population increases more pupils will have to be carried to the Foster school. Sooner or later that school will be filled to capacity. It is near that condition at present. It is evident that sooner or later some construction will have to be done. There will probably be no time in a number of years when costs of labor and materials will be at the low level of the present. Building now will help relieve unemployment and at the same time save money over future cost of the same work.

General Conditions

The general tone of the school system is very good. Classes are large in most schools, in some cases too large for the teachers to be able to give any amount of individual attention. In every case whether the class is large or small the instructors are giving the best they have to their work.

It is a source of some regret that it was found necessary to cease using the Shawsheen school as a training school for Lowell Teachers' College. We regret particularly the loss of two excellent teachers from our staff.

Roster of School Employees

Class	Name	School or Dept.	Address
Teachers	Ethelyn Howard	Foster	Tewksbury
	Ruth Kelly	Foster	Tewksbury
	Katherine Sullivan	Foster	Wamesit
	Evelyn Fuller	Foster	Tewksbury
	Elizabeth Flynn	Foster	Lowell
	Marion Piper	Foster	Lowell
	Doris Blake	Foster	Lowell
	Mary Watson	Foster	Tewksbury
	Dorothy Small	Shawsheen	Tewksbury
	Elizabeth Reynolds	Shawsheen	No. Tewksbury
	Eva Hersey	North	No. Tewksbury
	Ruth Tingley	North	Tewksbury
	Nettie L. Eagles	Spaulding	Tewksbury
	Anne F. Cheney	Spaulding	Lowell
	Anna Sullivan	West	Wamesit
Super.	Marion Adams	Music	Chelmsford
	Vittoria Rosatto	Drawing	Lowell
	Lena Coburn	Sewing	Chelmsford
	Raymond Norton	Manual Tr.	Tyngsboro
Health	Herbert M. Larrabee	Physician	Tewksbury
	Emma McLaren	Nurse	So. Tewksbury
Janitors	Walter Lavelle	Foster-Spaulding	Tewksbury
	Robert Staveley	Shawsheen	Tewksbury
	Irving Bailey	North	No. Tewksbury
	Mrs. M. Anderson	West	Lowell R. F. D.
Trans.	John Furtado		Lowell
	Omer Blanchard		No. Tewksbury
Supt.	Stephen G. Bean		Wilmington

Miss Reynolds occupies the position left vacant when Miss Tingley was transferred to the training school at North Tewksbury. Miss Cheney succeeded Thelma Gale in the Spaulding school when matrimony claimed another of our staff.

The transportation route formally served by Mr. Porterfield of South Tewksbury was consolidated with the North route and the contract awarded to Mr. Omer Blanchard.

With the exception of these three changes the list of school employees is the same as that of last year.

School Costs

The appropriation for schools for the year 1933 will of necessity be materially greater than in the past year due chiefly to the very

marked increase in the cost of high school education. This increase is due to two factors, the greatly increased number now attending high school, and the twenty-five per cent increase in the rate of tuition charged by the City of Lowell. Last year there were up to the end of June about 108 pupils attending Lowell High. In September this number had increased to 150 and in September of the next year, 1933, it will be increased to nearly 170.

The action taken by Lowell which increased the rate of tuition from one hundred to a hundred twenty-five dollars was wholly unexpected. It came without warning and made a very heavy increase in the cost of high school tuition. For the current school year from September 1932 to July 1933 we must pay to Lowell alone \$18,750. There is also \$1140 due three other towns which gives a total of \$19,890 for tuition for one school year. This is a \$7,323 increase over the preceding school year in this one department and takes no account of transportation, which has increased proportionally.

Elementary school transportation has also increased due to the necessity for relief of congestion in the Shawsheen school.

Enrollment Facts

The two tables which follow show the number and distribution of the Elementary school pupils in the town's schools. The total number shows an increase of 21 pupils over last year.

Age and Grade Distribution as of Oct. 1, 1932

TABLE I

	5	6	7	8	9	10	11	12	13	14	15	16	T
I	19	39	7	1									66

IV				17	31	9	6		1				64
V					31	28	4	6	1				70
VI						14	38	14	1	2			69
VII							17	30	12	2	1	1	63
VIII							1	12	29	9	2	1	54
T	22	61	62	59	80	56	68	62	44	14	3	2	533

Heavy diagonal "steps" show normal ages for the grades.

Arabic numerals indicate age at last birthday.

Roman numerals indicate the grades.

Note that present indications are that we shall have about 175 to 200 high school pupils for at least eight years more. This should be considered in connection with the cost of high school education at home or in other communities. Each pupil cost \$152.50 to transport and educate in Lowell. It costs even more in other places.

Teacher-Grade Distribution

Heavily loaded horizontals show the different schools.

Conclusion

The superintendent wishes to express his appreciation for the fine cooperation rendered by his associates, and to compliment them for their high professional spirit during the past year.

The school committee deserves the appreciation of the community for accomplishing so good a year of education on an impaired budget.

Respectfully submitted,

Superintendent of Schools.

Wilmington, January 9, 1933.

REPORT OF SUPERVISOR OF MUSIC

To the Superintendent and School Committee of Tewksbury:

The ultimate aim of school music is to teach the children to love music. Music has an immense and potent appeal to the child and offers a wide opportunity, here and now, for fuller living. All music education should create an appreciation for music. In addition to the appreciation derived from singing, the victrola is used to present some of the best music, to illustrate instruments of the orchestra and for rhythm. We have had a music memory contest in grade seven for the past two years and the Parents-Teachers' Association has given the awards.

The majority of children entering school have had little or no experience in either singing or listening. The teacher begins with ear training. During the early days of the first year, between twenty and thirty per cent of the class show a deficiency in imitating tone. Much individual work must be given. The grade is divided into a singing and listening class. By the end of the first year we hope to have all children in the singing class. This is not always possible. Grade one learns many rote songs, the scale, and has much work in rhythm.

Rote songs are continued through grades two, three and four. Staff reading is given in the latter part of the second year. Grade three begins song reading, learns names of lines and spaces, how to find key note from key signature and first time motion. Grade four has second and third time motions, names of keys, some chromatic work and a little two-part singing. Grade five continues two-part music, more chromatic work and arithmetic in music. Grade six studies three-part music, fourth, fifth, sixth and seventh time motions and compound time. Grade seven learns bass clef, reading tenor part and three-part music. Grade eight continues study of bass clef and has four-part music. This is a brief outline but it gives an idea of the general plan of procedure.

I wish to express my sincere thanks for the hearty co-operation of all who have helped to make my work a pleasure and I hope, a success.

Respectfully submitted,

M. MARION ADAMS,
Supervisor of Music.

REPORT OF SUPERVISOR OF DRAWING

To the Superintendent and School Board of Tewksbury:

Art has been defined in general by many and in many ways, but in the case of the grades from the first thru the eighth the aims can be somewhat more definite.

Art is a graphic expression of the child's feeling about experience. We can conceive then of every child as an artist with different degrees of familiarity with surroundings. The same experience effects individuals differently and the way the individual expresses his feeling about the experience varies according to his familiarity and skill with materials.

In the first grade in the Fall the child scribbles with a pencil, and makes marks with a crayon without any attempt to draw anything. This is all in getting acquainted with the materials. From this stage he advances to the symbolic stage when his drawing may be apparently a scribble but in reality to the child has meaning. He draws for the satisfaction of reliving his experiences and sees in an unintelligible jumble of lines remarkable imaginative or reminiscent pictures. He takes pleasure in explaining this jumble of lines and masses to any sympathetic listener.

Following this period of drawing for his own personal satisfaction the child gradually becomes more desirous that others be able to understand his picture without explanation. Then, he was pleased to be asked what his picture was about, now, he is offended if one cannot readily recognize what is portrayed. He slips his drawing under cover at the approach of the observer. This timidity is the result of a rising standard of technique without a corresponding increase of skill in and knowledge of drawing. The supervisor's problem then, is to supply technique in drawing as fast as the child is ready for it.

The aim is not to make a pretty picture but to supply him with knowledge of drawing so that he may best express himself.

The Seasons and Holidays provide ample material to test the growth of the child.

May I express my thanks to you, Mr. Bean, and the School Board for my opportunity to work with such a fine group of teachers and enthusiastic boys and girls.

Respectfully submitted,

VITTORIA ROSATTO,

Supervisor of Drawing.

REPORT OF SEWING INSTRUCTOR

Mr. Stephen G. Bean,
Superintendent of Schools,
Tewksbury, Massachusetts.

Dear Sir:

The following report is submitted covering instruction in Sewing in the Foster School.

The girls in the seventh grade have made dish towels, sewing bags, and underwear. Learning to do all their own cutting and stitching on the machine.

The eighth grade girls have all made hemstitched towels, underwear, and dresses. Also, in some cases, clothes for younger members of the family.

I feel that the girls will be able to use simple patterns and make their school dresses when they leave the eighth grade.

Respectfully submitted,

LENA M. COBURN.

January 11, 1933.

REPORT OF MANUAL TRAINING DEPARTMENT

Mr. Stephen Bean,
Superintendent of Schools,
Tewksbury, Mass.

Dear Sir:

In this report I wish to state the work of the manual training department progressed very well in the past year.

The boys of the eighth grade have been carrying on rather advanced projects, also making sketches and figuring costs of materials. This gives them the ability to visualize the article when it is begun which I find is a great help.

They have also made a large bookcase for the North school.

The boys of the seventh grade have been doing very good work. Each boy is asked to bring plans or sketches of some article, from their homes which their parents would like them to make. They have completed a sand-table for the Spaulding school.

Respectfully submitted,

RAYMOND A. NORTON.

REPORT OF SCHOOL NURSE

To the Superintendent and School Committee of Tewksbury:

As School Nurse I submit the following report:

I have made two hundred and ninety-eight visits to the schools. Every child has been weighed and measured and a physical record sent home with the report cards. Every child has been examined for pediculosis, cleanliness, skin eruptions, etc.; every two months. Contagious cases have been carefully followed up and everything done to prevent their spread.

I have made eighty-two visits to the homes and the parents have been willing to co-operate with me in every way. I have conducted eighty-four children to the Dentist and obtained corrected vision for twenty-eight children. Nine children have been with me for the removal of tonsils and adenoids, and I have influenced the parents to attend to the matter themselves in many cases.

Dr. Larrabee vaccinated sixteen children and examined five hundred and fourteen children during the year. I assisted him and recorded the defects found and am obtaining corrections. I have done two hundred and six simple dressings in school.

The children in our Tuberculosis clinic have been re-examined and X-Rayed. All show improvement and one was discharged as well.

Respectfully submitted,

MRS. E. P. MACLAREN,
